Narrative For Sergeant Brian W Huppe

*Stevens pulled out a black square looking handgun (possibly a Glock) and waived it at everyone* and then Sauve and Stevens started wrestling for the gun. At one point *Stevens put the barrel of the gun to Sauve's head and throat.*  
After the incident Stevens called their mother Janice Rundles.

Jasiek said that she is not sure if Stevens has a concealed weapons permit and said Chief Murch was looking in to it. She also said that *she is not looking for criminal charges she is just concerned that Stevens is too unstable to own a firearm.* (CCAO 000014)

12/10/13 Lee, NH Police Report filed by Clark Stevens' sister.  
Clark Stevens (28) arrived at the house. He asked me why we were there and then started to yell at me; asked me to talk to him in private; I declined and he grabbed my neck to try to force me out the door and when he had grabbed me, Michael yelled at him and slowly approached us both, when Clark pulled out his concealed handgun. (CCAO 000004)  
The gun was intermittently held to Michael's head and throat.  
After this altercation, Clark called my mother on his cell phone  
Sister's Statement:  
*I'm concerned for my brother's safety and mental well-being and I believe he should not be allowed to own a deadly weapon.* His reaction was extremely concerning to me and my friends. (CCAO 000005) (Click Here)

*Clark grabs me by the neck* in an effort to throw me out of the barn. Then *Clark pulls handgun from behind his waist, puts barrel to head of Michael.* A Struggle ensues over the gun. Clark prevails and demands both Michael & I leave.  
Clark & Janice discuss the situation via phone as we are leaving. It is now 11:15pm.  
I reported this incident to Chet Murch of the Lee Police December 9, 2013.

- 01/16/14 Janice Rundles Interview  
  
Telephone call between Clark Stevens and mother Janice Rundles:  
  
A. And um as she was in the background yelling and he was trying to get her on the phone, I heard him say to her um you saw him tackle me and at that point it just *went right over my head*, I didn't address it, you know cause I was just concerned, you know I was mostly concerned with are they leaving. CCAO 43  
  
Q. Ok, he didn't mention anything about any altercation of any sort?  
A. Not directly to me, just what I heard him say to Maria and like I said, I was so upset about the whole thing and concerned with whether they were gonna leave and whether we needed to call the police and all that *it just went right over my head* that night and I didn't even ask him about what he said to her about being tackled.  
Q. ...so you overheard Clark say to Maria?  
A. Mmm hmm you saw him tackle me  
Q. Saw him tackle, ok.  
A. Cause she was yelling at him or something in in response to that, he said to her, you saw him tackle me and I just didn't, *I just didn't follow up on it that night.*  
CCOA 44, 45  
  
A. Mmm hmm, the next day I asked him more, you know, about what happened and um he said that um he drove up there and you know saw the car in the

driveway and saw lights on in the barn and *he said he had his handgun with him but it was unloaded and he said that when he saw that Michael was there, he had loaded the gun and put it um somewhere, not carrying it out, you know in his hand but put it somewhere and um went in ...* CCAO 45

- Q. Ok um you said that he had told you that he told them to leave, did he tell you what words he used or anything like that or just that he said he told them to leave?
- A. No, at that point, he just said that he had told them to leave and *there was some confusion in my mind* as to whether they were agreeing to leave or not and he said that he thought they were gathering their things and getting ready to leave. CCAO 49

02/04/14 Interview of Michael Sauve

- A. And stood there and said what the fuck are you doing here? Who the fuck are you? So, I don't think he was intoxicated. *I think he's troubled.* (CCA0000103)
- A. No, I I just would like to say that ah I want to go on record firmly as saying I don't think he had, Clark had any intention of using that gun, I think it was a poorly chosen prop. Um *I would like to see him rather to get help than spend just and agonizing time in jail because he doesn't need that, he'll come out bitter and um someone like Clark does not, we don't need him bitter, we need him ah, he is a very smart guy.* Um and ah we just need him better ah I'm most upset at Janice Rundles. (CCA0000057)
